November 3, 2017

Dear City/Town Officials/Administrators:

The Oklahoma Code Enforcement Association annually recognizes a code enforcement officer who has performed above and beyond his or her call of duty with a distinguished Outstanding Code Enforcement Officer of the Year award. This award is presented at our annual conference held in late winter.

Along with receiving a plaque and being recognized for outstanding service, the winner receives an expense-paid trip to the American Association of Code Enforcement annual conference. The 2018 AACE conference will be held next October in the Denver area. The tangible value of this experience is around \$2,000. The intangible value of meeting code officers from other states and learning from nationally-recognized speakers is immeasurable.

All persons submitted for Outstanding Code Enforcement Officer of the Year consideration will receive some form of recognition during our conference banquet. The winner will be chosen from among the submittals received. If you have a code enforcement officer in your community who is an active OCEA member and who has performed a significant accomplishment, I would like to receive your submittal. Please document the accomplishment in letter or narrative form, and attach it to an e-mail to me. My e-mail address appears below my signature. You may also mail it to me in care of the City of Sand Springs, PO Box 338, Sand Springs OK 74063.

Thank you for your consideration. We have many outstanding code enforcement officers in our state, and I look forward to hearing about their accomplishments.

Respectfully,

Andy
